Thelma King Thiel
Chair
Liver Health Initiative

Dear Ms. Thiel,

The Latin American Association for the Study of the Liver – ALEH, would like to congratulate you for this important initiative to create awareness about Hepatitis C. As you know, during the past International Liver Congress, we signed the Joint Society Statement for Elimination of Viral Hepatitis. To continue working on making a reality what we have signed, all efforts need to be added.

ALEH support your efforts and offers our communications platforms to continue expanding this important information.

We look forward to hearing from you soon.

Best regards,
